

Cold Water: Electric Powered

The **CWD Series** has a compact stainless chassis, which protects your pressure washer, and a built in soap container storage rack. The CWD's versatile design allows it to be wall-mounted, pushed up against a wall, or wheeled around right to where you need it. The panel mounted on/off toggle switch and soap dial make this pressure washer simple to use. With an industrial AR pump and high efficiency motor, you'll be using this pressure washer for many years.

PRESSURE	2200 psi

WEIGHT/DIMENSIONS	117#, 16"l x 20"w x 32"h

Specifications subject to change without notification and may vary due to ambient conditions.

Featuring:

- ✓ **Stainless construction** is rustproof and adds long-term value to your investment
- ✓ **Compact and portable:** easily rolls to wherever you need to clean
- ✓ **Soap storage and selection:** a built in soap container storage rack conveniently holds a 5 gallon soap bucket or two of the gallon size soap jugs. Select to use Soap A or Soap B with the panel mounted soap knob
- ✓ **Electronic Trigger Start:** clean with the squeeze of a spray gun, no traveling back and forth to the machine to turn on after time delay shutdown.
