

Steam / Hot / Cold Water: Diesel Heated, Electric Motor

The **HD Series** offers rugged, dependable, affordable washing. It features a heavy-duty stainless steel frame, handles, panels and coil protection – offering superior corrosion resistance, as well as four pneumatic wheels. Panel mounted temperature control offers the benefits of high pressure cleaning with water temperature from cold through full Steam Settings. Panel mounted controls allow the operator to vary the mixture of soap, or other additives for optimal cleaning effectiveness. High efficiency dual pass coil and large capacity diesel fuel tank offer up to 8 hours of operation between refueling. Ideal for farm and agricultural applications, auto repair shops, and wherever sanitizing and degreasing are needed.
