

**Steam / Hot / Cold Water – Self Contained: Diesel Heated, Diesel Engine, 12v Burner**

The **SS Series** is a power washer that uses the 12-volt charging system on the engine to power the diesel-fired burner giving you continuous hot water. Its compact size allows passage through commercial doorways, and simple design makes it easy to run and maintain. The SS Series has the output to perform heavy duty cleaning without needing any outside electrical power. Simply turn the key for high pressure, hot cleaning strength. An invaluable piece of equipment for property management companies, farmers, mechanics or anyone requiring a mobile cleaning solution for dirt, grease, and grime.
